Northridge Middle School's 1st Exploring Our Future Day

We would like to share an exciting day we have planned for Northridge Middle School (6-8th grade) on **May 8, 2023**. Many of you have heard of Career Day, but we want to take it to the next level and have our students think about their future in all aspects of their life. We are planning a day for our students to experience different workshops, presentations, and demonstrations where they can explore all the things they can do in their future. We are looking for presenters to share with our students about opportunities for their future selves.

Who can help? Any community members, family members, parents who would like to share their careers, interests and hobbies. We are looking for artists, photographers, chefs, yoga instructors, police officers, welders, world travelers, elected officials, entrepreneurs, auto mechanics, colleges, military, community partners, etc.

What is needed? Presentations to students that help them “see” themselves in their future. Presenters will have the option to do hands-on presentations/workshops (40 minutes) for groups of students for 5 different sessions or set up tables to talk to all students throughout the day. The first session will begin at 8:15am and will end at 12pm. Set-up will be from 7-7:30am

If you are interested in being part of this exciting event please fill in the form below and email to tallen@northridgeschools.org, or can send in with students or mail to the address above. If you have any questions please email Teresa Allen or you can call at 937-275-7469 ext. 2212. Thank you for investing in our students' lives. I will be emailing you confirmation and more details soon. **Deadline March 30th, 2023.**

Name: _____ Organization/Agency: _____

Phone Number: _____ Email: _____

Presenting Topic/Information you will be providing (Career/Topic/Hobby or Interest):

Workshops will have groups of 20-25 students and they will be 40 minutes long and will have five different groups. Thank you for supporting our students and this opportunity!
